January 17th 2023 Agenda Summary

To: Board of Commissioners
From: Reagan Maudlin, Linn County Special/Rural Transportation Coordinator
Date: January 17th, 2023
RE: R&O 2023-023 Federal Section 5310 Funds and R&O 2023-030 Amendment to Sub-Recipient Agreement Senior Citizens of Sweet Home Inc.

R&O 2023-023: Federal Section 5310 Funds

The Linn County Transportation Advisory Committee (TAC) respectfully forwards these recommendations of Federal Section 5310 Transportation funds for the 23-25 biennium for the Linn County Board of Commissioners approval.

There are two grants for Federal Section 5310 dollars, Small Urban and Statewide Block Grant (STBG). The TAC held a public meeting on 12/15/2022 to review applications and make recommendations. Recommendations are as follows:

5310 Small Urban \$318,600-

City of Albany (operations)	\$318,600
-----------------------------	------------------

Funds are used for paratransit and Call-A-Ride, senior and disabled transportation.

5310 Statewide Block Grant (STBG) \$601,934-

City of Albany PM	\$9,244
City of Lebanon PM	\$40,760
City of Lebanon Capital Stop Improvement	\$33,021
Oregon Mennonite Res. Services PM	\$9,691
Sunshine Industries PM	\$23,330
Senior Citizens of SH (SCOSHI) Purchase Service	\$197,406
SCOSHI Linn Shuttle PM	\$131,454
SCOSHI DAB PM	\$157,028

Total STBG Applications	\$601,934
--------------------------------	------------------

5310 Funds are eligible to be used for preventative maintenance (PM), capital needs, purchased service, dispatch and asset management software, mobility management, and administrative cost of managing a project. The match rate for these funds is 12.27% and 20% depending on type of usage. The majority of match for 5310 funds is leveraged from STIF dollars.

Similar to prior biennia, Linn County shall subtract from the allocated amounts to purchase service (operations) recipients the administrative expenses incurred by the County in planning, managing and overseeing the Section 5310 purchase service projects and their agreements. The amount withheld shall be calculated at 4% of the allocation to each recipient. Since the allocations for vehicles, equipment, and

preventative maintenance are administered through agreements between the recipients and ODOT, Linn County does not subtract administrative expenses for these projects.

R&O 2023-030 Amendment to Sub-Recipient Agreement Senior Citizens of Sweet Home Inc.

It is respectfully requested that the Linn County Board of Commissioners approve amendment to the Sub-recipient agreement with Senior Citizens of Sweet Home Inc. as described in exhibit 1.

The Sub-recipient agreement grants 5311 Funds for a bus purchase. Since the agreement was originally executed, there have been two amendments. Amendment 1 extends the life of the agreement and amendment 2 reflects a change in bus type eligible for funds. These amendments have been made necessary by external supplier factors that have both extended the process and required a revision to the type of bus available.

The amendments have previously been reviewed and approved by the Linn County Board of Commissioners in respect to the Linn County contract with ODOT number 35072. The resolution and order today requests these revisions be reflected in the corresponding Sub-recipient Agreement between Linn County and Senior Citizens of Sweet Home Inc.

Re: Order # 2023-009

Order #2023-009 is a request to make the payments for the Millersburg Intermodal agreement. This loan started with borrowing 10 million and then paid 6 million back the first year, and making it a 4 million dollar loan for the remainder of the 9 year. I would like to take this loan to a 5-year loan now, making it a 9-year loan total, with only 1 million remaining to be paid. This will make the payments each year be \$ 202,406.39 and paid in full in 2027.
